

SHREE SANSKAR ACADEMY

Academic Achievements –

Shree Sanskar Academy consistently delivers excellent results in Class 10 and 12 CBSE board exams, with students earning distinctions and top scores. Our students also actively participate in Olympiads, quizzes, and scholarship programs, showcasing strong academic potential.

We are proud to be selected as a **Carte Blanche School**, under which both students and teachers receive training in digital literacy. The school also offers various **Skill subjects from Class 6 onwards**, preparing students for future careers.

Our commitment to quality education is strengthened through **CBSE trainings attended by teachers across India** and the active participation of students in the **BIS Standard Club**, promoting awareness of national standards and quality practices.

Environmental Education –

We believe in nurturing not only bright minds but also responsible citizens. Our commitment to environmental education is reflected through various hands-on activities and awareness campaigns. The school's **Eco Club**, led by enthusiastic students and guided by teachers, plays a key role in promoting sustainable practices.

We regularly organize **street plays** to spread environmental awareness among the citizens of Agar. Through "**Shramdaan**" activities at various locations, our students actively participate in cleanliness drives, making a visible difference in the community. Tree **plantation drives** and regular care of the plants ensure students develop a lifelong bond with nature.

Creative mediums like **poster making, role plays, and dramas** are used within the school to educate and inspire students about environmental issues and their solutions. At Shree Sanskar Academy, environmental education goes beyond the classroom—into real-life action and community involvement.

Sports Achievements –

We believe in the holistic development of our students, where sports play a vital role alongside academics. Our students have consistently showcased exceptional talent in various sports and have proudly represented the school at the **state and national levels** in games like **Basketball, Atya Patya, Martial Arts, Volleyball, and Football**.

To nurture this talent, the school provides **daily sports periods**, ensuring that physical education is an integral part of the curriculum. Skilled coaches and dedicated training sessions help students sharpen their techniques, improve fitness, and build team spirit.

Our consistent participation and success in inter-school, district, and national-level tournaments reflect the school's commitment to promoting sports excellence. Shree Sanskar Academy continues to inspire young athletes to dream big and achieve greater heights in the field of sports.

Innovations –

Innovation is a part of everyday learning. Our students are encouraged to think creatively, explore new ideas, and solve problems in smart ways. Whether it's through **science models, waste-to-best projects**, or using **simple resources to create effective solutions**, we nurture a culture of innovation in **all areas of learning and school life**.

With a focus on practical learning and resourcefulness, we aim to develop confident, curious, and future-ready minds.

Overall Results –

Most students consistently pass with good percentages, reflecting their hard work and the school's dedication to quality education. We provide regular assessments and support to help every student achieve their best results.

PTA Activities –

Although located in a rural area, we actively encourage strong parent involvement. Through regular PTA meetings and awareness programs, we promote open communication between parents and teachers, which enhances the overall learning experience for students.

School Management Committee (SMC) Decisions –

The School Management Committee (SMC) plays a vital role in the development of the school. Important decisions made by the SMC are transparently recorded and included in the school's Annual Report, ensuring accountability and collective progress.
